Trinity is proud to announce that we have partnered with Spokes Beverage, a local Moorestown company founded by Moorestown residents. Spokes Beverage started as a small coffee tricycle and grew into a gourmet beverage business. They have even designed a limited edition Trinity Roast for our fundraiser! *This is the perfect time to start thinking about holiday gifts for the coffee lover in your family!* Along with gourmet coffee, they also offer hot chocolate and Topo Chico Mineral Water. A portion of the proceeds will directly benefit the students at Trinity Preschool.
