## Our Church

Trinity Church was organized in 1837 by the rector and members of St. Mary's Church, Coles-town. The current church complex was built in 1929, the gift of a single benefactor, Eldridge Johnson. Designed in rural English Gothic style by the Philadelphia firm of Karcher & Smith, the church is replete with beautiful wood carving by master craftsman Herbert Kleiner. The stained-glass window pictured on the front cover is found in St. Luke's Chapel, whose windows are from the old church.

## Our Music

Music is an integral part of parish life and worship at Trinity Church. We affirm the power of music to inspire us and to help us grow in faith and understanding. Our choirs give parishioners of all ages the opportunity to develop their talents and experience the joy of making music. We are grateful for our Anglican musical heritage and for the privilege of doing our small part to sustain it here in Moorestown.

## Our Pipe Organ

The original three-manual pipe organ was built by the Hall Organ Company of West Haven, Connecticut. The pipes in the rear gallery were added in the late 1980s. A comprehensive renovation of the organ, finished in 2016, was carried out by Charles W. Gibson, Inc., of Monroeville, New Jersey. The console was rebuilt, and extensive tonal improvements were made, including the addition of several new organ stops.
